*Many people can talk but not many can speak...  
or vice versa...*

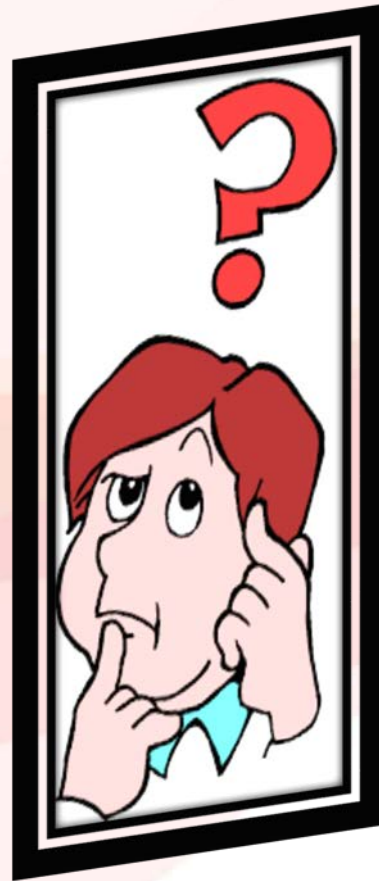

# TYPES OF SPEAKERS

## *The Incoherent*

Talk of things  
Interestingly more to  
himself

## *The Coherent*

Can verbally  
communicate facts &  
opinions  
BUT  
Seldom say anything  
memorable

## *The Articulate*

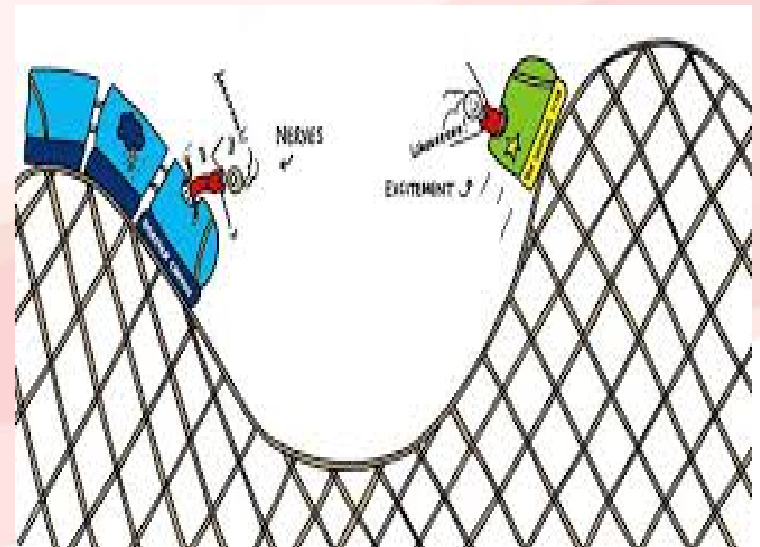

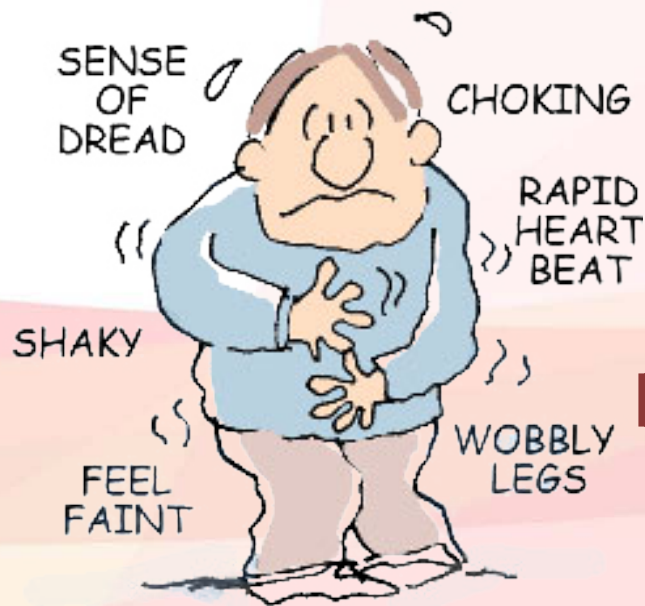

Speak succinctly and  
clearly  
BUT  
Words are seldom  
persuasive

## *The Eloquent*

Use of language and  
body language  
to win  
the hearts and minds  
of their listeners
